IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

JC903 ", 8 PTO

In the application of: M.K. Carpenter et al.

For: Techniques for Growth and

DIFFERENTIATION OF

HUMAN PLURIPOTENT STEM CELLS

Filed Herewith

-

PURSUANT TO 37 CFR § 1.98(d)

Assistant Commissioner for Patents Washington, D.C. 20231

Dear Sir:

The information listed in the accompanying form PTO-1449 may be material to examination of this application and are submitted in compliance with the duty of disclosure under 37 CFR § 1.56. The Examiner is requested to make this information of record in the application.

Copies of the information are not provided herewith, but are being filed in parent application 09/859,291, to which this application claims priority under 35 USC § 120. The Examiner is respectfully directed to the file for application 09/859,291 in order to access the information listed on the accompanying form PTO-1449. This is in compliance with the provisions of 37 CFR § 1.98(d).

PATENT Docket: 091/009c

This Information Disclosure Statement is not to be construed as a reputation that a full search for relevant information has been made, or that the information provided with this Statement is considered to be material to patentability of the claimed invention as defined under 37 CFR § 1.56(b).

Respectfully submitted,

J. Michael Schiff

Registration No. 40,253
